## Experience

### CMS Consultant

Crownpeak Technology

2016-Present

Bridging the gap between what the salespeople sell and what the product actually does. Developed templates to integrate agency-provided designs into the crownpeak CMS system, using **C#, ASP.NET, HTML5, JavaScript, JQuery, and CSS3**. Nominated for Employee of the Quarter, Q2 2017.

### Creative Solutions Engineer

Greenlight Community Broadband

2009-2016

Designed and developed electronic Caught Ya Card system to replace carbon-copy paper forms using **HTML5, JavaScript, JQuery, CSS3, PHP, Bootstrap, JpGraph, and MySQL**. Increased recognition of employee customer service excellence and city-wide adoption of system.

Designed and developed new internal and external city websites with new custom search functionality utilizing **HTML5, JavaScript, JQuery, CSS3, PHP, MySQL, and WordPress**. Reduced page count by 90% through custom development.

Designed and developed a series of webapps for use by Greenlight employees, including Greenlight InstaPrice, a tool to build custom price quotes on-the-fly for sales purposes using **HTML5, JQuery Mobile, CSS3, PHP, and MySQL**.

Designed a variety of online and print advertisements and campaigns including banner ads, Facebook ads, postcards, posters, stickers, magazine and newspaper ads, billboards, and fiber tech vans using **Adobe Photoshop** and **Adobe Illustrator**.

Produced videos for multiple clients including the local baseball team's pre-game show, yearly United Way Campaign promotional videos, information security and customer service excellence videos using **Adobe Premiere, Adobe After Effects, Adobe Audition, and Adobe Photoshop**.
